SeceuroGlide
Sectional Garage Doors

SWS UK

Introducing the new range of Sectional Garage Doors from SWS UK

Made-to-measure in the UK, our range of sectional garage doors combine innovative safety and security features with a wide range of surface finishes, colours and styles allowing you to create the perfect door for your home.

When choosing a new garage door for your home, we know you want peace-of-mind that the product will last the distance without compromising on features or style. Not only does our range of sectional garage doors come made-to-measure, specifically to your requirements, they are also available in 3 specifications and come complete with a comprehensive 10 year warranty*.

Available in a wide range of surface finishes, colours and styles, our sectional doors offer a world of choice from start to finish.

*5 year warranty on Dexxo Pro motor, 3 year on the Compact motor.

All SeceuroGlide doors are:

- ✓ **Made-To-Measure** – Perfect fit means no compromise on weather protection, insulation or security
- ✓ **CE Marked** – Investing in a CE marked product means you are purchasing a product that is fully compliant with all European directives
- ✓ **Available with Remote Control** – For the easiest of openings all of our range have a remote control version
- ✓ **Finishes To Suit You and Your Home** – All doors in the range have a variety of finishes to ensure they become a real asset to your home
- ✓ **Peace-of-Mind Warranties** – Using only the finest components to produce SeceuroGlide Sectional garage doors, means complete peace-of-mind warranties

SeceuroGlide Sectional Garage Doors

The SeceuroGlide Sectional garage door creates a stylish feature that is sure to enhance not only the look of your home but also the security and insulation.

With a variety of designs and finishes available, you are sure to find the right sectional garage door for you.

The sectional design makes the most of your driveway and garage. Vertical operation ensures you can park right up to your door and use your entire driveway. Headroom requirements are minimal with as little as 70 mm needed for our low headroom manual operation.

The Sectional design is a 40 mm thick insulated steel panel manufactured to the highest specification to ensure you get the most from your garage space. The security features leave your home totally protected and weather seals on all sides provide all-weather protection from wind and rain, ensuring your home is energy efficient, to save you money.

Unlike any other products from other manufacturers, every one of SeceuroGlide Sectional's doors is unique; made-to-measure to the mm ensuring a perfect fit. Take time choosing your door and our experts will guide you through the process from start to finish. A fully trained local installer will visit your home to discuss your requirements then measure and install your door. By carefully listening to your needs we will find the garage door to perfectly suit your home.

SeceuroGlide Sectional's standard specification is remote controlled electric operation for maximum convenience and ease of use. Your own personal security code and additional options for lighting or operation of blinds, awnings, shutters or gates in your home, make this a unique automation system.

SeceuroGlide sectional doors are powered by Somfy Dexxo motors which is covered by a comprehensive five year manufacturer's warranty. (Dexxo Compact is 3 years)

SeceuroGlide | Sectional Elite Side Mounted System

Introducing the Elite, our feature-packed sectional door.

The SeceuroGlide Sectional Elite really is a smooth operator. With optional automation, you'll be pleasantly surprised by how quiet our door is in operation.

Available on doors up to 3.5 metres wide, the Elite is supplied made-to-measure, ensuring the perfect fit for your garage door opening. And, with our integrated weather-seals around each edge, there's no need to worry about rain ingress or drafts.

The 40 mm thick insulated panels keep the worst of the weather outside meaning you can make the most of your garage, all year round.

Choose from realistic woodgrains, classic heritage colours or our range of contemporary metallic finishes such as titanium silver.

10 Year
Warranty

All of our sectional garage doors come complete with a comprehensive warranty – see **Page 12** for more information.

SeceuroGlide | Sectional Compact Rear Mounted System

Low on headroom? Compact is the answer.

We've squeezed an extra 80 mm clearance on our compact sectional door making it the perfect choice for garages that suffer from obscured or lower ceiling heights than standard garages. Our compact door comes with all the same great features as our standard model, but with added clearance.

Although 80 mm may not sound like a lot, it can have a big impact on how much of your garage is taken up by the more traditional garage doors. Our low-headroom sectional door is available in the same range of finishes, colours and style. Allowing you to choose the perfect door for your home, without compromise.

SeceuroGlide | Sectional Plus Front Mounted System

Make it a double. Suitable for openings up to 5.25 metres.

Whether you're replacing an existing double garage door or looking to knock two separate garages into one, the SeceuroGlide Sectional Plus offers all the advantages of our standard sectional door but up to widths of 5.25 metres.

Supplied with optional automation and with the full range of colours, finishes and styles on offer, you can create your perfect garage door and have it made-to-measure.

4 STEPS

to the Perfect Sectional Garage Door

1

Choose your Panel Type

Something more bespoke?

If you're looking for something a little more bespoke, ask your garage door specialist and pick out your own colour from a choice of 100s of RAL colours.

4

Choose your Accessories

Become the envy of your street with stunning accessory options such as aluminium handles, stainless steel porthole windows and glazing options. Speak to your garage door specialist about where and how you'd like your accessories to be positioned.

Glazing – PVC (white/brown, plain/sunrise pattern) OR **Steel** (round/square, clear/frosted)

Windows are not available on micro rib doors

Handles

Both black & white options available (white handle image coming soon)

Things to highlight

Insulated Panels

Our insulated panels are manufactured and finished to the highest quality standards in order to achieve maximum durability. The panel design features a high density, CFC-free polyurethane core that is sandwiched between two steel sheets in the finish of your choice, and then coated in one of our extensive range of colours and finishes.

What's more, our panels are filled with an environmentally friendly, fire safe insulating core.

Made-to-Measure

All of our sectional doors are made-to-measure right here in the UK. Don't settle for an off-the-shelf size, choose a sectional door from SWS UK and get the perfect fit.

Quick Turnaround

Unlike some other manufacturers, our range of Sectional Garage Doors are made-to-measure in the UK and can be manufactured and installed within a matter of weeks.

Panel Performance

Our standard finishes feature superior performance against corrosion and weathering. The surfaces are easy to clean with water and natural soap, and the hard-wearing PVC film coating provides superior resistance to UV, reducing the risk of colour fading over time.

Somfy Motor

Acknowledged as the world leaders in roller door power units, Somfy's powerful tubular drive motor is used in all electric SeceuroGlide Sectional garage doors and is covered by a comprehensive five year manufacturer's warranty.

Sectional Systems

SeceuroGlide | Sectional Elite Side Mounted System

Side Mounted System

This side mounted system features on the new SeceuroGlide Sectional Elite. This side sprung system ensures the smoothest operation yet.

SeceuroGlide | Sectional Plus Front Mounted System

Front Mounted System

As the standard installed system on the SeceuroGlide Sectional Plus, the front mounted system ensures ease of use on doors up to 5.25 metres wide.

Original Thinking SeceuroGlide Sectional

Durability

Mounted to the ceiling of the garage, the motor operates quickly and quietly in even the most arduous of installations the Dexxo Pro is tested over 35,000 cycles.

Have It Your Way

A comprehensive range of accessories are available to enhance the automation of your garage door. You can select a control most suitable for you from a convenient key-ring transmitter, wall switch or radio keypad.

Peace-of-Mind

The motor is fitted with an automatic stop if an obstacle is encountered offering you complete safety and peace-of-mind.

Fully CE Marked

SeceuroGlide Sectional garage doors are fully compliant with all European approach directives and product safety standards and are CE marked to demonstrate their compliance.

Learn more about the importance of conformity and CE marking on [Page 12](#).

Engineered from the Inside Out...

Anatomy of SeceuroGlide Sectional.

1 Sleek Design

The interior of every door is completed with a white stucco finish and white coated centre hinges giving your door a cleaner finish and style inside and out.

2 The Ultimate Space-Saver

The SeceuroGlide Sectional headroom options make this the ideal choice for any garage space.

3 Security Built-in

The security & locking system built into the SeceuroGlide Sectional ensures security and peace-of-mind.

4 Fingersafe Joints

Each joint features a finger safe design ensuring that fingers cannot be caught or trapped between the panels, offering complete peace-of-mind.

5 All Weather Shield

Substantial seals reaching 30 mm into the opening at the top, sides and bottom of the door protect against wind and rain and provide an all-weather superior seal for your home. Furthermore, every door is fully wind load tested to 166 km/hr i.e. hurricane force winds.

6 Safety First

Double anti spring break devices ensure complete safety.

7 Energy Efficient

The 40 mm Polyisocyanurate (PIR) insulated door panels provide an insulation value of 0.51 W/m²k, ensuring your home is energy efficient and saving you money. The panels also reduce noise and provide a sound reduction of RW 25 db.

8 Complete Convenience

With smooth automatic operation, your unique security code, in-built courtesy light and optional battery backup. Optional wireless control of shutters and gates.

Your Garage Door Checklist

Remember, only SeceuroGlide offers all of the following:

✓ **A name you can trust**

When buying a SeceuroGlide door you can be reassured by the values behind the name. Every SeceuroGlide door is CE marked and SWS UK is an ISO 9001:2008 assessed company. SWS UK is a subsidiary of CRH plc, a UK FTSE100 company.

✓ **A perfect fit**

With every door made-to-measure exactly to the mm, SeceuroGlide garage doors are the truly bespoke choice for your garage.

✓ **Manufactured in the UK**

Using the latest machinery and equipment, all SeceuroGlide doors are proudly manufactured and assembled in the UK.

✓ **A solution for everyone**

With so much choice SeceuroGlide doors can accommodate almost every garage. Whether you have limited headroom or require manual operation, there is a SeceuroGlide door that's right for you.

✓ **Engineered to perfection**

Through continuous development and specialist engineering, SeceuroGlide doors offer unrivalled quality and the most advanced garage door specifications.

The importance of conformity and CE marking

It is against the law to install a power operated garage door in the UK without complying with The Machinery Directive.

To comply with the Machinery Directive both the door and the motor and controller used in the installation must have a **Declaration of Incorporation** from the manufacturer.

On completion of the installation the installer must provide a **Declaration of Conformity** and apply a CE mark giving details of the installation to the door / motor and controller combination, which is now classed as a machine.

The installer must issue to the customer a Declaration of Conformity, maintenance and operation instructions on the completion of the installation.

The installer must hold copies of both the Declaration of Incorporation and the Declaration of Conformity on a technical file for inspection by the relevant authorities.

If any of the above requirements are not fulfilled the Installation is illegal.

Please ensure for your own safety and peace-of-mind that whoever installs your electric motor and controller is both willing and able to fulfil these requirements; if they are not – do not use them.

As a member of the DHF Garage Door Installer Group we CAN and WILL install your motor and controller safely and legally.

Peace-of-Mind Warranties

All SeceuroGlide products are guaranteed against defect of material or workmanship by SWS UK, subject to correct installation, maintenance and operation, for a period of 10 years from the date of purchase. The Somfy motor also carries a 5 year warranty (3 years on the Compact motor).
